

BUILD. RACE. DOMINATE.

Master the Science of Winning with
ELGIN[®] PRO-STOCK[®]

One-Piece Pushrods

Maximize the strength of your performance engines!

- 0.110" and 0.137" wall thicknesses
- Cold-formed, tumble-polished end
- Through-hardened, seamless, aircraft-quality chrome-moly material
- Near-zero run-out & exceptional resistance to guide plate wear
- 5/16" & 3/8" diameters, lengths up to 9.400"

Stainless Steel Rocker Arms

More power, faster response, superior durability!

- All-stainless construction eliminates deflection
- Extra-large, full-needle trunions
- Wear-resistant, oversize roller-tip design
